The Aryans School

(An ISO 9001:2015 unit of Sri S. L. Dugar Charitable Trust)

We Give our today to build their tomorrow

Affiliated to Council for the Indian School Certificate Examinations

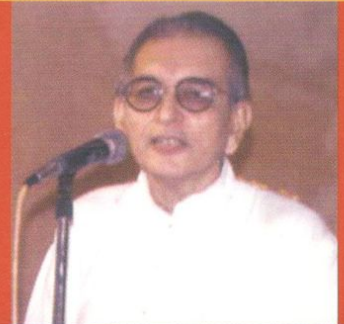

The Vision

The Aryans School aspires to be one of the most progressive and proactive Educational Institutions of north Kolkata initially and to gain recognition as a 'School of Excellence' across the country in the future. The School aims to provide education to students from all classes of our society in a free, unbiased and culturally vibrant ambience.

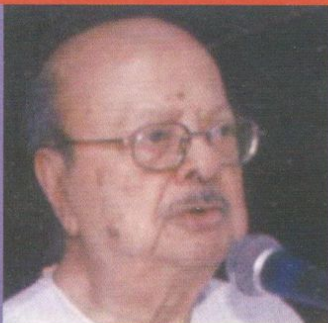

Our Patron

Hon'ble justice Shyamal Kumar Sen, Chairman High Power Committee for determination of territorial areas of Gorkhaland Territorial Administration. Formerly Governor, West Bengal, Chief Justice, Uttar Pradesh Chairperson, West Bengal Human Rights Commission is the Chief Patron of The Aryans School.

Our Advisors

Dr. Pratap Chandra Chunder, a great scholar of contemporary India who held the high office of the Education Minister, Government of India, was the Chief Advisor of The Aryans School. After the demise of Dr. Chunder, an Academic Advisory Council was formed. The Council consists of noted academicians from various centres of academic excellence viz. University of Calcutta, Indian Statistical Institute etc.

The Founders

The Aryans School was founded on April 05, 2005 by Sri S. L. Dugar Charitable Trust. The Chairman of the Trust is Sri Sunder Lal Dugar, a renowned industrialist and philanthropist whose patronage has helped establishment of many social welfare organizations in India. Other trustees include prominent personalities from various walks of life.

From The Principal's Desk

The Aryans School was founded with a definite vision of the founders to inculcate certain values in our children – values which will give them the inner strength to be self-reliant through life. We, at The Aryans believe that a strong character is the fundamental requirement in the making of one's life a success. Our goal is to impart education that will enable our students of sail their boats both in the placid and the rough seas of life with equal adroitness.

Our students should also be the owner of an unstained conscience that will lead them towards achieving knowledge and fearlessness. The knowledge will give them the ability to discern good and evil. Fearlessness will instill in them the urge to use the knowledge to unveil the mysteries of life, surmounting the obstacles of miscomprehension and biased dogma.

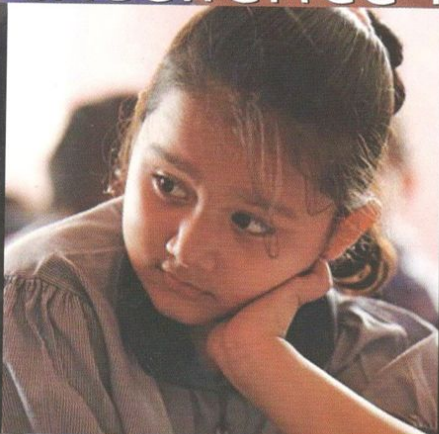

The Grand Plan of education that has been designed for The Aryans lays equal stress on the cultural education. This is to ensure the development of a refined understanding and a liberated soul in the child, which will enable her / him to assimilate the harmony and rhythm of this vast universe. This global consciousness in an individual will ultimately contribute towards the development of the collective.

To conclude, I would like to echo the words of the founding Principal of the School: "It is an Alma Mater of a thousand minds where new thoughts will soar higher, ageless cultural traditions will find deeper roots and exploring minds will reveal the truth of tomorrow...."

Mrs. Keka Mallik

excellence in education

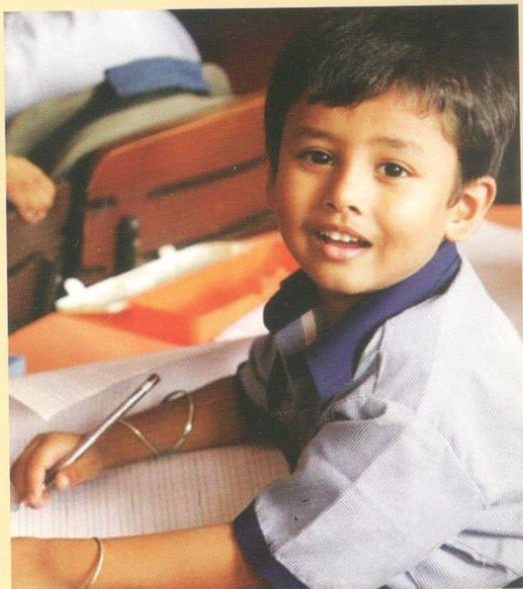

The Academic Philosophy

We believe that the Teacher should help the child build a bridge between the school and the world. The efforts are being made at The Aryans to promote an unbiased relationship of mutual trust, understanding and sharing of Care between Parents and Teachers.

In order to promote this thought there is a provision for parent – Teacher interaction (Bridge Saturday) at regular intervals (except during vacation).

Affiliation

The School is recognized by the School Education Department, Government of West Bengal and is affiliated to the Council for The Indian School Certificate Examinations (CISCE), New Delhi, (ICSE & ISC).

Curriculum

The School follows the syllabi prescribed by the CISCE and integrates this Syllabus into a Curriculum which is dynamic in content and application. The Curriculum is child centric as far as practicable, within the framework of a general syllabus prescribed for a particular class.

Remedial Classes

There is a special provision for Remedial Classes for weak students round the year and for all students prior to terminal examinations of the School. Special classes are arranged for students weak in a particular subject, in lieu of some curricular activities during the time allocated for this.

I.T. Education

Information Technology has turned the world into a Global Village now, and today's children need to get its full benefits as well as understanding.

Faculty

Whatever we have been able to achieve is due to the unwavering dedication of our staff members. The dedicated staff has striven to create an atmosphere of 'Share and Care' and is engaged in the process of self-development.

The school provides audio-visual learning through graded courseware for classes playhouse to the highest class.

It also provides the entire computer education for the school keeping in view the astronomical pace of development in communication and other field of human activities.

National Benchmarking

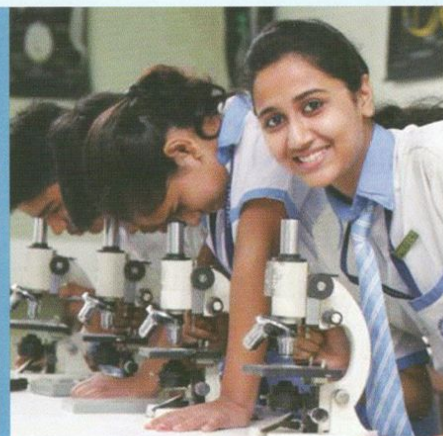

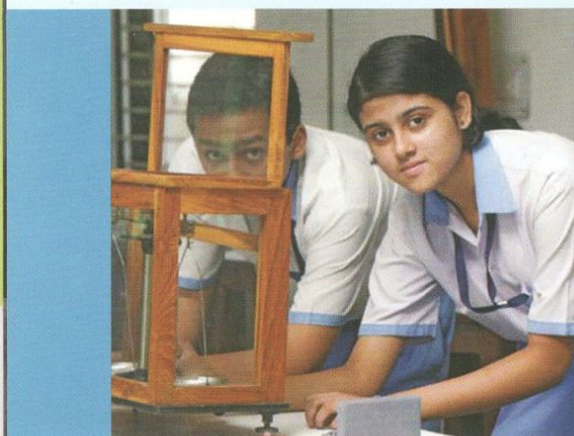

With a view to comparing the standard of internal evaluation process with respect to national standards, the school arranges National Assessment for its students. These tests provide an opportunity to evaluate child's ability and performance at an examination, on a national level. The process of assessment provides a scope for getting the child's ability tested among her / his own peer group on a national scale.

Continuous Learning

It is believed that a teacher must continue to learn in order to remain a teacher. All teachers and administrators at the Aryans go through a continuous process of amelioration through various seminars, workshops, symposia, demonstration lessons, guest lectures, etc.

Teachers have also been attending workshops on English Language Teaching (ELT), mathematics, physics, biology, pre-primary methodology and so on, every year on a regular basis.

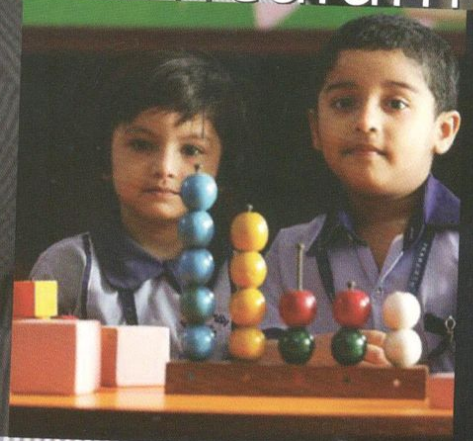

Beyond the Curriculum

The Development Philosophy

We believe that schooling is not just for academic education but a development process that equips a Child to discover talents and prepare for the challenges of life. Students may choose from a number of club activities offered in school, to get an exposure in the field of her / his special interest.

Co-curricular Activities

The Co-curricular Activities typically include inter-house quiz, talent search, singing, School choir, debating, story-writing, handwriting, poetry-writing, elocution, dancing, art & craft, salad-dressing, Ikebana among many others.

Through Class Assembly children of each class get a chance to display their talent through a skit, dance, singing, recitation etc., based on a theme relevant to their lives.

Extra-curricular Activities

Among the extra-curricular activities, we have regular games like Cricket, Football, Volleyball, Table Tennis, Carom, Chess, Scrabble, and also Karate, Mediation, Yoga, Dramatics etc.

Social Activities

In tune with the curricular requirement of the Council for the ISCE, New Delhi, the School has provision for Socially Useful Productive Work (SUPW) in the curriculum.

Competition & Cooperation

The School is divided in four 'Houses' for better management of activities and also to instill a sense of healthy competition and the spirit of cooperation among the students. Every house is in the care of a House Parent who has a group of House Teachers as assistants. Each house also has a House Captain and House Prefects from amongst students, which brings out and refines the leadership qualities among them from a very receptive age.

Encouraging Talent

The School encourages students to participate in The Telegraph in Schools (TTIS) & Newspaper in Education (NIE) movements. Subscription to these helps to groom the child, inculcating leadership and literary qualities, along with fostering other academic and curricular traits that the child already possesses. It organizes fest-cum-carnival for over 200 Schools of West Bengal for discovering their talents in various co and extra-curricular activities.

Activities & Accolades

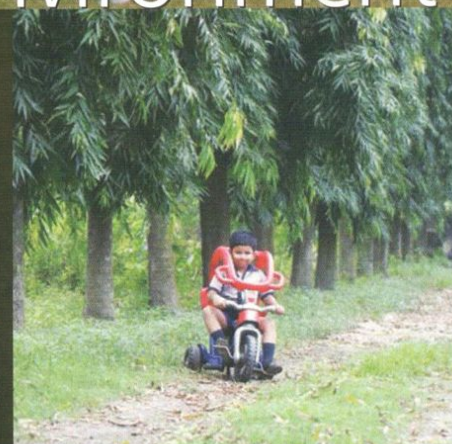

- Participation in District Level Sports, Cricket and Football Championships has brought accolades.
- Children regularly participate in TTIS Carnival and secure commendable positions in various cultural activities.
- The School team has become champion in major inter-school quiz competitions.
- Book fairs are regularly held in School to inculcate the habit of reading.
- The Annual Exhibition displays creativity of students, not only in the field of art and craft but also in most other academic subjects.
- An Annual art & craft exhibition is held to promote interest and hone artistic skills of the students.

The Enlivening Environment

A Spacious Campus

The School is situated on a large campus, part of which is currently used and the rest is to be developed in phases in the coming years. Currently there are the Mother Building, the New Building, Laboratory Building (PRAYOG), Administrative Block, School Canteen and General Store. A verdant lawn (PRASHANTI), indoor games facility (PRANGAN), a spacious activity hall, a large pond, a smart class room, a math lab and a massive playground are some notable features.

The Mother Building

The Main Building houses a large indoor assembly area, the school library, audio visual room, a computer laboratory with state of the art computers with broadband internet facility, a well-equipped infirmary, and 20 classrooms. It also hosts the staff room and the Vice-principal's office. A central PA system enables communication throughout the building.

The New Building

The new building houses 40 classrooms, staff rooms, offices, a very large library, a large modern computer laboratory, lift and a ramp up to the top floor for physically challenged persons.

Administrative Block

The Administrative Block houses the offices of the Secretary, Principal, Waiting Lounge and a Conference Room.

Student Facilities

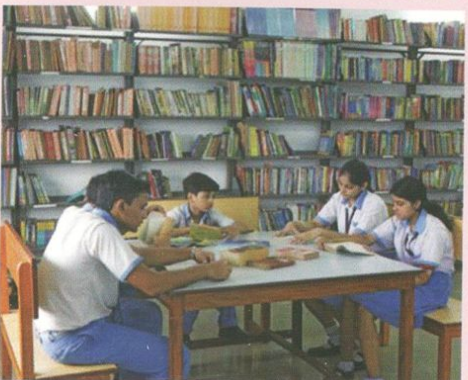

The Classrooms

Each classroom is spacious, airy and well lit with a class library. Ergonomically designed furniture, suited to the relevant age group, make learning stress free.

The Canteen

The School has a large hygienically-maintained canteen for students and staff, where freshly prepared, sealed and packed food is served under the supervision of a Canteen-in-charge. Fizzy drinks, chewing gum, deep fried chips and other fast food are not supplied to children from the school canteen.

The Math Lab

A new inclusion to generate interest in Mathematics and to bring back the joy of learning Mathematics is the Math Lab from NIITnguru. It will help the students to overcome Math phobia and to comprehend the subject.

The Library

The school library which was formally inaugurated on the Independence Day, 2006 has grown in its volume over the years and needed to be shifted to the new building in a bigger area. It is now a state of the art centre of excellence.

The Laboratories

The building PRAYOG which hosts three laboratories for Chemistry, Physics and also Biology cum seminar hall, was inaugurated on 15th August, 2006 by Hon'ble Justice Shyamal Kumar Sen. The special feature of the chemistry laboratory is its gas chamber which is authorized by the competent authority for its safety parameters.

Student Services

Transport Services

In order to facilitate a comfortable journey of the students, the School has a regular arrangement with transporters for School Bus and other small vehicles. Every such vehicle plies under the care of a teacher, who can be contacted through cell phone in any unforeseen or emergency situation.

Health Services

In addition to this, the School has provision for regular health check up for students on campus and free eye check up for each student by Vasan Eye Care, under the care of a team of doctors.

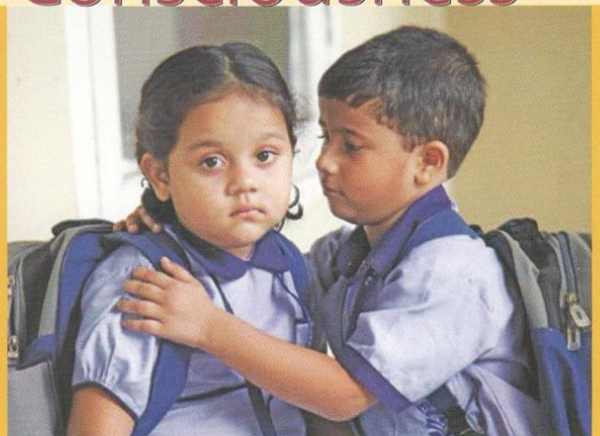

Counselling Services

Psychological counseling for students and parents, where required, academic counseling for parents on various education related issues and career counseling for senior students are some other 'services' provided.

The Social Consciousness

The Social Philosophy

We believe that a complete individual is a socially committed individual who cares for others and takes responsibility for the larger community. Socially Useful Productive Work, wherein children learn to serve the less privilege is a part of the prescribed curriculum. Other measures are also undertaken to build the social consciousness.

Community Service

Sri S. L. Dugar Charitable Trust organizes free Medical Camps and Blood Donation Camps for people in general in the school campus, in presence of the students and parents of the School, in order to instill in them a deep sense of commitment to the society from which they take so much throughout their lifetime.

Value Orientation

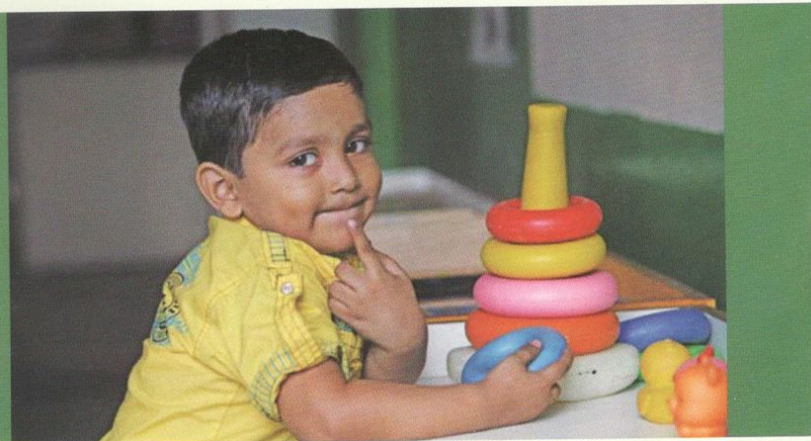

The Aryans School propagates the conviction that Truth leads to Harmony and Harmony leads to Bliss. In a country where the National Motto is "Satyameva Jayate" (Truth Alone Triumphs), it is imperative that a student is taught this doctrine through activities designed to implement it.

Event Appreciation

Significance of nationally and internationally important days and birthdays of great persons is made clear in the morning assembly. This not only improves the breadth of knowledge but also conveys what values and actions are cherished.

Harmony of Hearts

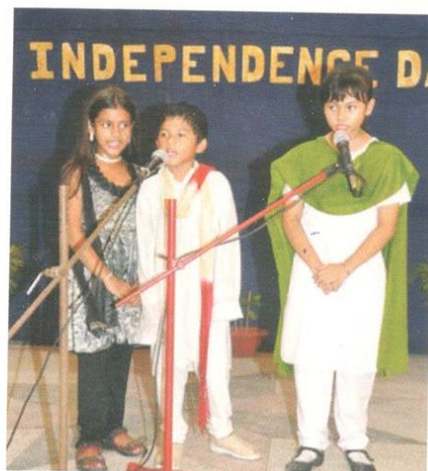

Almost all religious functions are celebrated in the School with gaiety. The impalpable boundaries of religions are often marginalized through its festival character, where the cultural aspect is highlighted and the ethos of union is emphasized.

Celebrations

The School fervently and meticulously organizes

- Children's Day.
- Independence Day.
- Teacher's Day.
- Annual Concert.
- Saraswati Puja.
- Annual Sports.
