

SRI SRI ACADEMY

KOLKATA

UNIT OF SRI SRI RAVISHANKAR VIDYA MANDIR TRUST

**BROADEN YOUR VISION
DEEPEN YOUR ROOTS**

AFFILIATED TO THE COUNCIL FOR THE INDIAN SCHOOL CERTIFICATE EXAMINATIONS, NEW DELHI

“

JUST INFORMATION IS NOT EDUCATION,
IT IS CULTURING OUR BEHAVIOUR AND ATTITUDE.
IT IS OUR ABILITY TO PERCEIVE THINGS BETTER.
THE PURPOSE OF EDUCATION IS TO
INCREASE AWARENESS.
ONLY AN EDUCATION, THAT CAN NOURISH
INBUILT VIRTUES, CAN IMPART TRUE INTELLIGENCE.

”

SRI SRI ON EDUCATION

Only an education that nourishes inherent virtues can impart true intelligence. Today, it is the concern of all parents that their children should grow up to be happy, well-educated human beings with core values. Somewhere along the line, however, the link to true happiness appears to be getting severed; we are losing the goal of happiness,

A well-educated person is thus one, who is friendly, compassionate, and able to be a 'nobody' with everybody. The creative methods of teaching as envisioned by our Founder will help children to fully develop their personalities.

Everybody who has a stake in education must ponder the need for a holistic, healthy educational system that will enhance the values and virtues with which each of us is naturally endowed. Put simply, education must address all aspects of human life. Since a healthy body best supports a sound mind and spirit, creative sports and such ancient practices as meditation, yoga, and pranayam should be part of a child's learning process. The key is to harness the ancient values and be innovative with the modern. This is what we, at Sri Sri Academy, commit towards achieving for our students.

SSRVM INSTITUTES

SSRVM Schools are promoted by Sri Sri Ravishankar Vidya Mandir (SSRVM) Trust (www.ssrvm.org), a non-profit charitable educational trust, which is the educational wing of The Art of Living foundation (www.artofliving.org) established by the world renowned spiritual leader, His Holiness Sri Sri Ravishankar (www.srisri.org).

Today, the Trust has 90 plus schools which include Pre-primary (Bal Mandir), Primary and High Schools (Vidya Mandirs) spread over 15 states across India and in Nepal and Oman, providing education to around 30,000 students and employing about 2000 plus teachers.

SSRVM INSTITUTES FOR HIGHER EDUCATION

- Sri Sri College of Ayurvedic Science and Research
- Sri Sri University at Cuttack, Odisha
- Sri Sri Institute of Computer Science (Affiliated to Dr. Babasaheb Ambedkar Arathwada University, Aurangabad)
- Sri Sri Ravishankar Junior College

OUR VISION

- Establishing Sri Sri Academy as a temple of learning where knowledge is revered
- Providing a world-class, holistic education that facilitates cognitive, physical, emotional, social, and spiritual growth as we strive to bring about the comprehensive development of each student's personality
- Helping the students to broaden their horizons and deepen their roots by enabling them to value the cultural heritage of their own country and respect those of the other nations
- Enhancing such human values as love, friendliness, compassion, caring, and sharing while teaching the regular curriculum in a cheerful, stress-free environment
- Equipping the students with not just the tools of learning, but the moral and spiritual strength needed to face the challenges of the world we live in

MESSAGE FROM THE PRINCIPAL

Dear Parents,

Your child's education is of utmost importance. It is therefore essential to select a school which will provide your child with a learning environment that fosters safety, engagement and growth, while nurturing their holistic development.

At Sri Sri Academy, Kolkata, we firmly believe that education and the well-being of every child is a collaborative effort between parents and the Academy. We strive to nurture in our students 21st century skills such as creativity, communication, collaboration, compassion, critical thinking and respect for all. In addition to academic excellence, we place great emphasis on character development through positive reinforcement.

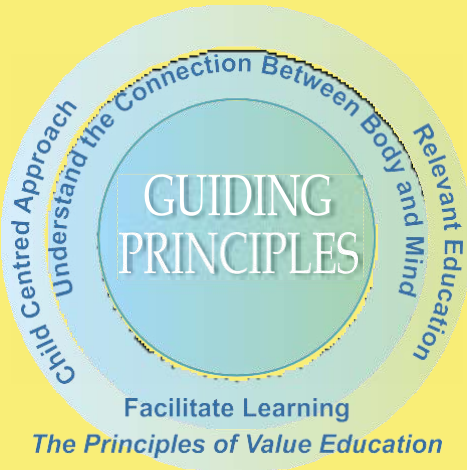

We integrate ancient techniques that aid in stress relief and promote concentration and mindfulness. These time-tested practices equip our students with skills to effectively manage their emotions and channel their energy towards constructive endeavours. Our school motto, "Broaden your vision... deepen your roots," embodies our founder His Holiness Sri Sri Ravishankarji's vision of Vasudhaiva Kutumbakam. It is in the light of this mantra that we aspire to shape enlightened citizens who not only strive for a brighter future for India but also act as responsible members of the global community.

At Sri Sri Academy, we strongly believe that each child is unique. We are committed to creating a learning environment that caters to their individual needs, talents, and aspirations. By choosing Sri Sri Academy, you are entrusting us with the privilege of shaping your child's future.

We invite you to join us in this exciting and fulfilling journey of providing your child with a well-rounded, value-based education. Together, let us embark on a path of a holistic education and empower your child to thrive and make a positive impact in the world.

Thank you!

*Mrs. Gargi Banerjee
Principal*

OUR AIM

- Make students scholastically apt by evolving creative teaching methods that will spark their curiosity and inspire them to become life-long learners
 - Provide a child-friendly environment that will empower each student to overcome his/her inhibitions and limitations
 - Build a solid academic foundation and ensure that concepts are so well understood that, they facilitate each student's entry to higher studies
 - Demonstrate the interconnectedness of all fields of learning and their relevance to real-life situations
 - Develop imagination with an emphasis on art, craft, music, and creative writing
-
- Inculcate a deep-rooted respect for the environment and of each student's responsibility to wisely use and preserve
 - Create social awareness and a sense of belongingness by encouraging students to assume leadership and contribute towards uplifting local and global communities
 - Help students maximise their potential through personal-development programmes from the Art of Living that include yoga, pranayam, and meditation
 - Help students develop confidence in themselves who can fearlessly face the challenges of life and become leaders of the future

ONE OF THE FINEST UPCOMING ACADEMIES

STATE OF THE ART

The school building is fully equipped, air-conditioned classrooms and filled with much natural light, is supported by international standard teaching aids including Smart Class technology.

SPACIOUS

Ours is the first state-of-the-art academy of the SSRVM Trust, spread over 1.5 acres, in the heart of Kolkata.

LIBRARY AND LABS

Our well-stocked Library, hi-tech science and infotech labs - are all designed to arouse a student's curiosity and desire to find answers to life's mysteries.

ROOM FOR MULTI ACTIVITY

Play areas comprise a basement hall, an indoor mini-gym, a multi-purpose hall for group performances, an open, paved courtyard for yoga and dance, senior art, pottery and design room, senior dance and music room besides a basketball court, badminton courts, table tennis tables and an open playground.

INFIRMARY

The school also houses two infirmaries with trained Nurses, to provide timely care.

ELEVATORS

Large, regularly-maintained elevators to carry as many as 20 children at a time to their respective floors. Special care has been taken for the requirements of physically-challenged students.

BUS FACILITY

All the buses are clean, air conditioned, well maintained and handled by an efficient transport team. A Smart Bus tracking system has been installed in all the buses in order to monitor the movement. The GPS tracker empowers parents to know their child's location with the help of an app. There are two helpers (one male and one female) along with the driver in all the buses to look after the safety of the children.

SAFE

The campus is safe, clean, and hygienic with landscaped gardens. The school has its own reverse-osmosis water purifiers to ensure the supply of safe drinking water.

DESIGN AND TECHNOLOGY LAB

At the design technology lab of Sri Sri Academy, young minds unleash their creativity in designing and assembling something new, and getting to know the working behind them. These young creators of tomorrow clad in aprons with saws, hammers and chisels in their hands, work on wood to give shape to their creativity and thoughts to create products out of wood that make a difference in the way we live.

ATAL TINKERING LAB

Atal Tinkering Laboratories (ATLs) has been assigned to Sri Sri Academy by Niti Aayog with an objective to foster curiosity, creativity and imagination in young minds; and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc.

MATH LAB

A Mathematics laboratory is a place where students experience Math through informal exploration. Sri Sri Academy has a Math Lab for students of Classes II to VI where they explore the world of Mathematics by solving puzzles, doing hands-on activities using lab equipment. These create interest among students and help understand mathematical concepts visually.

SMART CLASS TECHNOLOGY

With the aim of nurturing the inherent potential and talent of each child to create global tech citizens of tomorrow, every class till Senior School and laboratories at SSA have been equipped with world's first fully integrated one-switch Digital Interactive Teaching system (DTS) and CTS (Classroom Transformation System) by Educomp Solutions Ltd.

The CTS broadens the choice of teaching tools available with the teacher beyond invaluable rich 3D Animations to bring abstract concepts to life and it also includes interactive technology oriented tools like ready to use MCQs, Virtual Laboratory of Simulations, Work Sheets, Mindmaps, Teaching Ideas, Real Life Applications, Topic Synopsis, Weblinks, and Diagram Maker .

It not only improves the academic performance of students but also assists the teachers to meet day to day teaching challenges.

THE CURRICULUM

PRE-PRIMARY (LOWER NURSERY-CLASS I)

- A child friendly world where each child experiences the joy of learning
- Has a thematic and activity-based curricula
- The environment is specially designed and equipped with Montessori materials and latest educational toys so that the child naturally develops numerical, linguistic, creative, physical and artistic skills

- Study of Sanskrit, a basis of most Indian languages and a language of our ancient scriptures deepens the appreciation of our rich cultural heritage
- Physical Education, specialized games such as Basket ball, Karate, Yoga and Meditation, as part of the curriculum to emphasize the importance of a healthy mind in a healthy body for holistic development of qualities and attitude essential for a well-rounded personality
- In Class VIII, the academic programme is designed to develop the theoretical knowledge and practical skill of every child. The subjects offered at this level are English, Bengali, Hindi, Sanskrit, Mathematics, Physics, Chemistry, Biology, History, Geography and Computer Science

PRIMARY (CLASS II – V)

- A hands-on approach complementing theoretical exercise helps to develop a spirit of enquiry based on the sound pedagogical belief of 'Learning by Doing'
- Language and numeracy skills are developed through specific subjects such as English, Vernacular, Mathematics, General Science and Environmental Studies
- Equal stress is laid on academic as well as extra curricular activities such as Music, Drama, Physical Education, Yoga, Karate, Art and Craft and Technology.
- Children spend 'Quality Circle Time' with their class teacher in which various issues like discipline, honesty, environment, cleanliness etc are discussed in an openforum

MIDDLE SCHOOL (CLASS VI – VIII)

- Studying of three branches of Science (Physics, Chemistry and Biology) along with Humanities subjects (History and Geography) kindles the spirit of enquiry and exploring the scientific phenomenon in everyday life through multifarious activities/ experiments in well-equipped Math/Science Laboratories
- Focus on strengthening the language, numerical. Scientific and IT skills to lay the foundation of development of interest in relevant course of study in higher classes

SECONDARY (CLASS IX - X)

- In Class IX and X, the children have the option of choosing either Science or Commerce according to their aptitude
- Core: English, Second Language (any one – Hindi, Bengali), History, Geography, Mathematics, compulsory for Science and Commerce Stream has an option between Mathematics and EVS.
- The subjects for the Science Stream would be Physics, Chemistry, Biology
- The optional subjects for Science Stream would be Computer Applications, Home Science and PE
- The optional subjects for the Commerce Stream would be Economic Application, Computer Applications, Home Science and PE

SENIOR SECONDARY (CLASS XI - XII)

- The High school degree conferred by the Indian School Certificate Examination is recognized both nationally and internationally.
- Courses offered are Science, Commerce and Humanities.
- (*Refer to choice of subjects in page no: 17)
- English is compulsory.

Objectives of the course:

- To enhance the appreciation of English through aural, oral and written assessments
- To help students acquire in-depth knowledge in their choice of subjects through application oriented / project based / research oriented learning
- To develop quantitative and logical aptitude in relevant subjects
- To consolidate learning through field / educational trips in relevant subjects
- **Science Stream**
To enable students to develop an understanding of the concepts and fundamental laws of Physics, Chemistry and Biology.
- **Commerce Stream**
To develop an understanding of important Economic concepts and to study the important aspects of Accountancy and Commerce.
- **Humanities Stream**
To sensitize students towards local and global social, political and geographical scenarios encourage them to develop their own views.

ALL ROUND HOLISTIC DEVELOPMENT

In order to nurture children to grow into happy, well-read, and responsible citizens, every aspect of our work at SSA is planned to make learning both enjoyable and stress-free. The children's section is truly engaging and vibrant. The classes are equipped with a host of innovative learning tools and kits from international names in the field; these are bound to arouse a child's curiosity and capture his/her imagination and interest. There is also a library filled with resources and an exciting new gym for little learners, to help them explore as they grow. The many games and tools are provided to sharpen their sensory skills while the happy and carefree atmosphere, right down to the colourful furniture, makes SSA a delightful haven for children.

Here they can be themselves and grow up to be confident, responsible leaders of the next generation.

To ensure ALL ROUND TRAINING IN EXCELLENCE (ART EXCEL) for children 8 years to 13 years, a 12-hour workshop spread over 4 days which facilitates students to learn important life management skills through discussion, games, stories, exercises, breathing techniques and interactive processes. Children's minds are impressionable and it is from the very beginning that we must give them an environment where they can appreciate and grow in human values. They must learn to respect and honour life and at the same

time also know how to handle different challenges they will encounter in their daily lives.

YES (Youth Empowerment Seminar) YES is a fun, dynamic programme prescribed by the SSRVM Trust specially for teenagers 13 to 18 years of age. The workshop is conducted in such a manner that it provides teens with a comprehensive toolbox to manage their emotions and stress as well as dynamically navigate through adolescence. Benefits: Reduced stress, increased concentration and ability to manage negative emotion, improve self-esteem, confidence and greater creativity.

FITNESS OF THE MIND AND BODY

SSA provides a sound platform to nurture talent and give each child the room to grow and learn yet more. The curriculum thus includes lessons by qualified professionals. To encourage a spirit of healthy competition, students at SSA are divided into 4 different houses.

BHAKTI

YELLOW HOUSE

Signifying devotion
and commitment

SHAKTI

RED HOUSE

Signifying energy
and harmony

YUKTI

GREEN HOUSE

Signifying skill
and talent

SHANTI

BLUE HOUSE

Signifying peace
and harmony

NURTURING TALENT

Every child is gifted with an innate skill or ability. SSA provides a sound platform to nurture such talents and give each child the room to grow and learn even more. The curriculum thus includes lessons by qualified professionals in both Western and Indian Music, Quizzing, Debating, Computer Programming, Performing & Visual Arts, Flower Arrangement and so on.

SCHOOL ACTIVITIES

PRE PRIMARY

- Singing (Indian and Western)
- Theme related City Trips
- Rhyme and Rhythm (Action Songs and Movements)
- Story Telling
- Puppet Show
- Activity Time
- Mini Gym and Games
- Fun Art and Crafts
- Dance
- Yoga from KG onwards

PRIMARY

- Yoga and Shlokas
- Field Trips
- Singing (Indian and Western)
- Drama and Elocution
- Tennis
- Physical Training Programme
- Art and Craft
- Library
- Karate
- Creative Dance
- Cubs / Bulbuls

MIDDLE AND SECONDARY

- Scouts / Guides (Optional)

GAMES:

- Football
- Basketball
- Badminton
- Table Tennis
- Volleyball
- Throwball
- Chess
- Carrom Board
- Skating
- Aerobics

ACTIVITIES:

- ADMKYD (Art, Dance, Music, Karate, Yoga, Drama)

OTHER SCHOOL ACTIVITIES

- Inter Class and House Matches
- Talent Contests
- Daily Kriya and Meditation
- Yoga
- Museum and City Field Trips
- Painting Workshops
- Art Excellence
- YES Workshops
- Excursions / Treks
- Disaster Management
- Community Services by Interact Club of SSA
- Inter School Contests / Matches
- SS MUN
- Sahityohar / Abhigraha

ACTIVITIES & CLUBS - V - XII

- Maths Club
- Science Club
- Creative Art & Craft / Clay Modeling
- Quizzing Club
- Literary Club – (Debate / Extempore / Story Telling / Public Speaking)
- Nature / Gardening Club / Youth Nature Leadership Program (YNLP)
- Heritage Club

- Robotics / Tinkering / Creative Computing
- Film Editing / Web Designing
- Non Flame Cooking
- Design and Innovation / Wood Craft Club
- Model United Nations (MUN)
- International Award for Young People (IAYP)
- Interact Club

CARE AND COUNSELLING

To ensure that children are completely safe at SSA, the school has made arrangements for medical support. Our modern Infirmary is appropriately equipped and supervised by experienced medical professionals.

We also have trained in-house counsellors and special educators to offer personalized attention and care to children who might find it difficult to cope or open up in class and share their concerns and difficulties.

Career Counselling / Guidance: SSA has in-house trained Career Counsellors. Psychometric Tests are held each year for Classes VIII and XI for students to make the appropriate selection of subjects and stream according to their interests, aptitude and personality.

TRAINED TEACHERS

Teachers at SSA are specially trained in value education. They are child-friendly and trained to teach with compassion, qualities essential in an education system where basic human values are encouraged.

At SSA we believe that each child is endowed with these values. It requires a trained teacher, working in tandem with the parents, to better develop the child's values of "compassion, co-operation, friendliness, smiles, laughter, lightness, wanting to help, a sense of belonging and caring for each other" as our Founder has stated.

Our teachers recognize the need for the complete

development of their students. They understand that mind and body are so indissolubly linked that what is put in the body reflects on the mind, and what happens in the mind impacts the body.

Teacher-student bonding forms an integral part of our school culture. The students are encouraged to freely articulate their doubts and questions.

We believe that children feel strongly connected to teachers who nurture and care for them. This creates a safe and friendly learning environment and encourages spontaneity and intellectual curiosity in the students.

STUDENT EVALUATION

The academic year at SSA will have two Terms, based on which two assessment reports will be given to each student. The evaluation will be an on-going process with an emphasis on assessing what the child has understood in class. Weekly assessments will be taken to develop regular study habits and prepare students for senior school.

CLASS V TO VIII

Term exams will be gradually introduced to prepare students for senior school. The portion to be assessed will be enhanced in each class in a planned and scientific manner. Each Term's Evaluation will comprise of continuous Class Assessments and Block Test at the end of the Term. Year's assessment will be based on the performance in the First and Second Term in both Scholastic and Co-scholastic areas. Merit Cards/Credits for Achievement/Progress in Scholastic and Co-scholastic areas, are given to appreciate and motivate students to maintain their consistent performance.

CLASSES IX AND X

Curriculum and evaluation is as per the guidelines laid down by the Council.

CLASSES XI AND XII

Curriculum and evaluation is as per the guidelines laid down by the Council in Humanities, Commerce and Science streams. There will be three block tests in each of the three terms.

NO TERM EXAMS AT THE PRE-PRIMARY AND PRIMARY SCHOOL

Evaluation in the Primary segment will be based on grades (not marks) which indicate a range of proficiency in certain skills and concepts selected for assessment. This prevents stress in the early years and keeps a child from unnecessary competition and parental pressure to perform which might otherwise rob him/her of the joys of learning.

PARENT SUPPORT

SSA recognizes that the growth and development of a child cannot occur in isolation or merely through the support of teachers and the school. Parents must also play a critical role in providing the right environment — both at home and in other social circles.

To address and better facilitate this role, SSA holds special, two-hour "KNOW YOUR CHILD" and "KNOW YOUR TEENS" workshops for the parents.

These programmes help the parents to understand their child's behaviour in the correct perspective and mould their response accordingly to help the child grow into a confident human being.

OTHER PROGRAMMES THAT ENHANCE MEANINGFUL COMMUNICATION:

- Parent orientation at the beginning of each academic year
- Parent-teacher meetings
- Parent-teacher individual time
- Open House twice a year

SSA ensures a warm and nurturing environment where children feel safe and secure. The School's Child Safeguarding Policy lays down the existing system, that covers all aspects of child safety and emergency preparedness. Spreading the message of safety first to all stakeholders namely - Parents, Teachers and students is the school's primary objective.

SBI ACADEMY
3F A, Adipura Road, Kankar 700027

The Child Safeguarding Policy

All school staff, teachers and parents will refrain from taking and sharing unauthorised photographs and videos of any child/children, under any circumstances.

On events like Annual Day and Sports Day, photographs will be taken by a school- authorised person and posted on the school Facebook page. Teachers and parents are requested not to share any photographs on social media.

Only staff, teachers and students are allowed to enter the school premises during school hours.

Visiting hours for parents are from 9 am to 12 noon, but their entry is restricted up to the front office.

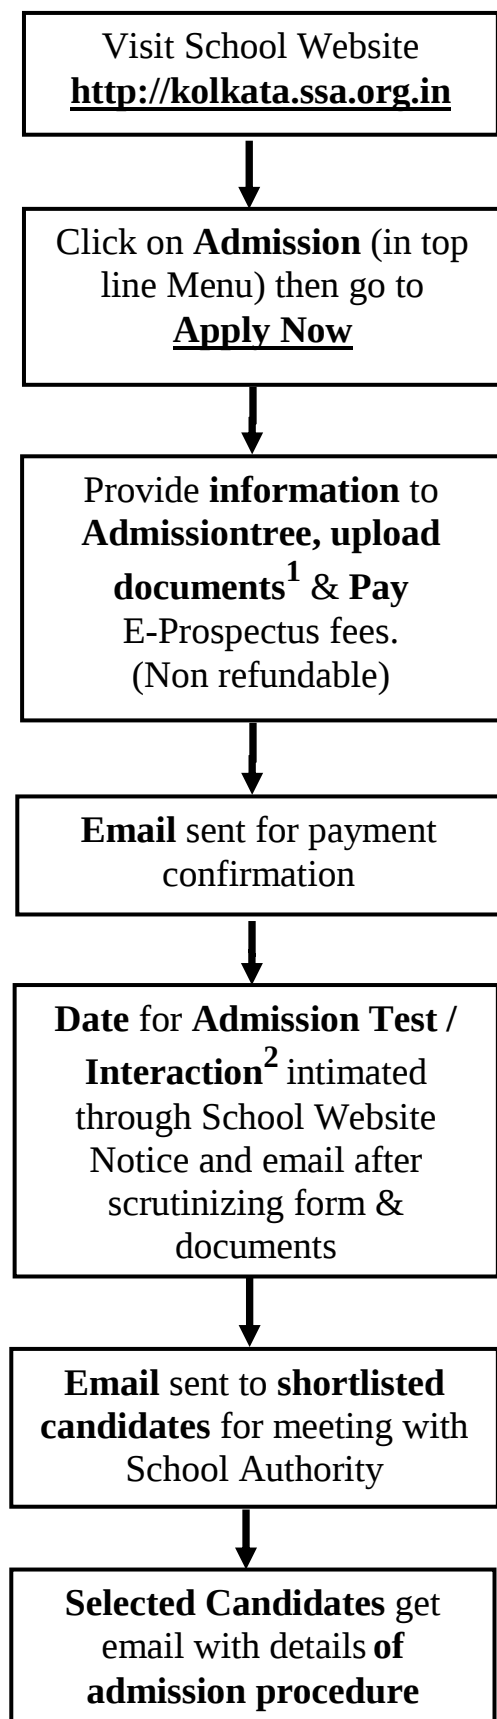

Vendors are allowed only after 2.45 pm.

The school has a tie-up with Woodlands Hospital in case of an emergency.

Contact numbers - 033 24567075, 8420060069

All calls are made by an assigned person in the back office.

Application & Admission Process for 2026-27 session

¹**Documents to be attached with online application form:**

- (i) Soft copy of passport size photograph of the child and both parents individually (each file size should be below 50KB).
- (ii) Copy of Birth Certificate of the child issued by Municipal Corporation / Panchayat.
- (iii) Copy of Latest report card received from the school currently studying in.
- (iv) Copy of the Acknowledgment of the Income Tax Return / Form 16 / Salary slip of any one of the parents.
- (v) Proof of the educational qualification (as mentioned in the online application): Copies of Certificate/Mark sheet of both parents.

Documents to be submitted before the session starts:

- (i) **Final Report Card** from the last school attended. (Optional for Nursery)
- (ii) **Original Transfer Certificate** from the last school attended (Optional for Nursery)
- (iii) Doctor's Report, if the child has/had any major illness

²For admission to **Pre-Nursery, Lower Nursery, Upper Nursery and Kindergarten**, there will be **no written test**. The readiness of the child, for the level applied for, is observed. Both parents should be present for parent interaction.

For all other levels written test will be conducted on **English, Mathematics, Vernacular and Science** (Science is applicable only for Classes VIII, IX & XI-Science).

Withdrawal & Refund Rules:

In case of withdrawal, Fees are not refundable, no matter if the student has attended classes or not from the beginning of the session. **Fees once paid, is not refundable, only Security Deposit will be refunded**, after all dues to the school are cleared.

Please Note:

Intimation of **interaction schedule for all Nursery classes, Kindergarten and Class I** will be uploaded on the school website and sent through email on and from **1st July 2025**. Interaction/admission test for all other classes will be on **13th September / 8th November, 2025**.

For any further query regarding admission please write to admission@ssa.org.in or call **033-24569090 /24490247** from Monday to Friday between 10:00 am and 2:00 pm except public holidays.

Criterion for Admission to Class XI:

- **Science:** An aggregate of 75% with at least 75% marks in Mathematics and Science.
- **Commerce:** An aggregate of 70% with at least 75% marks in Mathematics.
- **Humanities:** An aggregate of 70%

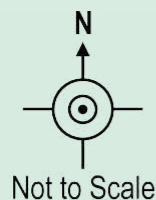

[Students opting for Mathematics have to secure at least 80% in the aptitude test, to be conducted by school] Candidates, found ready, may get provisional admission, subject to clearing the Class X Board Examination. A minimum of 85% attendance of the working days during each year of the two-year course at school is the basic requirement.

Conditions of Eligibility for Admission to Class XI:

- In accordance with the ISC requirements, all students admitted to class XI have to select subjects which they wish to study at the + 2 level (classes XI & XII).
- In addition to English (Compulsory) five subjects have to be chosen, except in Science stream, where only four elective subjects have to be chosen.
- Students will be given provisional admission to Class XI which will be considered for confirmation after the declaration of Board Results.
- Depending on the Class X Board Results and performance in school assessment till June 30, the school reserves the right to ask for a change in Subject/Stream. Students, who have opted out of science at the Class X board, will not be permitted to take up Science Stream at the ISC level / Class XI.

Subjects Offered for Class XI:

Stream	Compulsory	1	2	3	Option 1	Option 2
Science	English	Chemistry	Physics / Geography	Economics / Computer Science / Biology / Sociology	Mathematics / Environmental Science / Home Science / Bio-Technology	-----
Commerce	English	Accounts	Commerce	Economics/ Computer Science. / Sociology	Mathematics / Environmental Science / Business Studies / Home Science/ Bio-Technology	Psychology / Hindi / Bengali / Physical Education / Mass Media Communication / Fashion Design / Legal Studies
Humanities	English	History	Political Science / Geography	Economics/ Computer Science / Sociology	Mathematics / Business Studies / Environmental Science / Home Science / Biotechnology	Psychology / Hindi / Bengali / Physical Education / Mass Media Communication / Fashion Design / Legal Studies

- Co-educational School

- Year of Establishment - 2010
- Affiliated to Council for the Indian School Certificate Examinations (CISCE)
- Our Motto
Broaden your Vision,
Deepen your Roots

ADMISSION LEVELS

- Pre-Nursery – Starting level
- Lower Nursery – Class IX & XI (as per vacancies)

School Working Days:

- Monday to Friday

Office Timings:

9.00 am – 12.00 Noon

Bus services available from Lower Nursery on selected routes

Pre-Nursery has 2 shifts allotted by school authorities

SCHOOL TIMINGS

Pre-Nursery

1st shift : 8:00am – 10:30 am

2nd shift 11:00 am – 1:00 pm

Lower Nursery

8:15 am to 11:15 am

Upper Nursery

8:15 am to 11:45 am

Kindergarten

8:15 am to 12:45 pm

Class I

8:15 am to 1:00 pm

Classes II-V

8:15 am to 1:00 pm

Classes VI–VIII

7:45 am to 2:30 pm, Fridays - 2:45 pm

Classes IX-XII

7:45 am to 2:30 pm, Fridays - 2:45 pm
